DID YOU KNOW?

JPRO lets you see the **ENTIRE** vehicle in **ONE** pass — *saving you time & money!*

Software Features:

- + **Bi-Directional Controls** - Perform parameter changes (Mack & Volvo), DPF Regens (Volvo, Detroit & Cummins) & bi-directional tests with proprietary data & faults. Includes Heavy-Duty: Mack, Volvo, Detroit Diesel, Cummins & Medium Duty: Ford, GM & Sprinter
- + **OE Level Fault Code Information** - Display over 44,000+ Heavy-Duty & Medium-Duty fault codes with detailed OEM level component and trailer descriptions
- + **Fault Management** - Clears faults and diagnoses all vehicle components in a single, easy to use application
- + **Vehicle Reporting** - View and print log files, including: Vehicle Health, Trip Reports & LOV Reports
- + **Store & Save Data** - Record data log files for playback at a later time, even away from the truck
- + **Total Vehicle Health Status** - See the entire vehicle in one pass on one screen
- + **Up-to-Date** - Provides 99% coverage of all heavy-duty truck DTCs through 2016

Adapter & Cable Features:

- + **Industry Compliance** - All vehicle interface adapters and cables are compliant with the latest industry and regulatory standards and functionalities (i.e., RP1210C compliance, 3 CAN Channel compatibility, etc.)
